

Gen4DO End User License Agreement (EULA)

Definitions

"The Software" means the software contained in this package and any subsequent versions or upgrades received as a result of having purchased this package.

"The Buyer" means the original purchaser of the software.

"Trial Version" means a version of the software which is available free of charge for evaluation purposes.

"Registered Version" means a bought version of the software.

Trial Version License

The Trial Version of Gen4DO is not free software. Subject to the terms of this agreement, you are hereby licensed to install and use the Trial Version of this software for evaluation purposes without charge on any machine for a 30-day period.

Registered Version License

In accordance with the terms of this EULA you are granted the following rights:

- install and use the Software on any single computer;
- use the Software on a second computer so long as the primary user of each copy is the same person and more than one copy is not simultaneously;
- copy the Software for archival purposes, provided any copy contains all of the original Software's proprietary notices.

Each registered license includes updates and online support for 12 months.

If you wish to increase the number of users entitled to concurrently access the Software, you must buy additional licenses.

Restrictions

You may not:

- permit other individuals to use the Software except under the terms listed above;
- modify, translate, reverse engineer, decompile, disassemble (except to the extent applicable laws specifically prohibit such restriction),
- create derivative works based on the Software;
- copy the Software (except as specified above);
- rent, lease, transfer or otherwise transfer rights to the Software;
- remove any proprietary notices or labels on the Software.

Termination

The license will terminate automatically if you fail to comply with the limitations described above. On termination, you must destroy all copies of the Software and Documentation.

Disclaimer / Limitation of Liability:

This software is provided 'as-is', without any express or implied warranty. In no event will the author be held liable for any kind of consequential, special, incidental or indirect damages arising out of the delivery, performance or use of the software.
